Lisa has always been passionate about mediation and has been instrumental in the growth of the department.

Lisa has excellent leadership skills and enjoys working with her experienced team. Establishing good relationships with clients and mediators is important to her and something she does well .

Lisa began working at Clerksroom in 2004 as a mediation clerk when the department was in its infancy. The department grew quick and she was then appointed as manager. She has previously held PA roles within the education sector.

Lisa loves being outdoors.

She has 2 lively Labradors and spends a good deal of time with her husband walking them. Her daughter is a keen equestrian so she can often be found being the 'unpaid groom'. In her spare time she very much enjoys travel and socialising with family and friends.
