Feedback:

"May I please take this opportunity to thank your chambers for always being ever so helpful in arranging representation at any hearing. We have had the pleasure of working with Colin Andress over the last couple of weeks on a variety of cases. In a case where we were expecting dismissal of our client's claim (as the best outcome), he managed to obtain judgment in her favour and costs which was surprising but a very welcome outcome. Needless to say, the client was over the moon and wanted us to thank Colin personally on her behalf. On another case with a very complex legal and factual matrix involving defamation and harassment issues, and despite the burdensome load of papers, Colin

was able to grasp the issues at hand impressively quickly, and was a masterful advocate at the Court hearing with impressive command of both facts and law involved in the case. Our colleague who attended the hearing with Colin informs us how Colin cut through the irrelevant issues and was able to assist us and the court in getting the proceedings back on track, with the most desirable outcome for the client. His advocacy, advice and case preparation are all equally impressive and we are keen to work with him again in near future. Our gratitude to you for arranging Colin to represent our clients at the hearing. "
