Feedback:

*"I am writing to thank you for the extraordinary work you did for *****. We were delighted to hear of the wonderful outcome for the applicant as well as the £37,000 payable to the Access to Justice Foundation. The news of the order spread around the team last week in the first full week of lockdown – just what was needed to lift everyone's spirits. Distributed through the Foundation to frontline services, this money will go towards providing a crucial lifeline to those who find themselves alone, frightened, and in desperate need of help. We can see how much work you put into supporting ***** and we are grateful for your time. I understand that you have also taken on two other pro*

bono cases this year on top of all your work with this case, which is an outstanding commitment to pro bono. ”
