Feedback:

"Philip Bowen came onto my case with only 48 hours before my final hearing. In that time he read and processed the file, developed a strategy and represented me at court. He is a calm pair of hands in a daunting situation and I will be forever grateful for his knowledge and expertise. He has truly made such a difference to my life - we can breathe again. I would recommend Phil wholeheartedly and thank him for what he was able to achieve for us. "
