Very experienced in:

- Land & Property - L&T Residential, Possession, L&T Commercial
- Business & Commercial Law - Insurance & Reinsurance
- Family Law - Family - Children, Family - Money, Family - Other

Feedback:

“She is not phased, nor dissuaded by interim negative results, and pragmatically finds a way though, and moves on to create a positive result for the customer. Farah directly negotiated the reversal of an adverse property situation in 2016 at the county courts between myself and Skipton Building Society, actually putting both parties back on a firm and mutually respected footing. Farah is a very good communicator, is sympathetic to clients’ stressful challenges, but does not allow them to affect her performance or strategy”
