Feedback:

"Thanks again [Andrew Mckie] for yesterday. Surprising, but pleasant, result. Don't be surprised if you start receiving a few more enquiries from my colleagues - I've been asked a few times already "which Barrister did you use?" "

Introduction:

Andrew is a former Solicitor and was called to the Bar in 2011 and is now over 10 years call.

Andrew has over 10 years experience as a Barrister helping both professional and direct clients in areas such as landlord and tenant cases, housing professional negligence, building disputes, contract law, personal injury, clinical negligence, insurance disputes, costs and negligence cases.

Andrew routinely acts for both claimants and defendants and has appeared at County Court and High Court level. His court work ranges from interim application hearings and one-day trials, to five-day multi track trials, complex and high value High Court proceedings and appeals. Andrew also helps clients with all interim applications, including costs assessments and enforcement of Judgement work.

Andrew has written many published books on the areas he practices in and he also owns and runs a law firm (www.mckielegal.co.uk) where he assists clients with litigation in the same areas. Unusually for a direct access barrister, Andrew can provide a full litigation service from inception to completion of the case, including costs work. Andrew prides himself on being friendly and approachable, and providing sound, commercial and practical advice to resolve disputes whilst also representing clients in court robustly where required.

Andrew specialises in helping direct access clients in the following areas of law:

Landlord and Tenant

Andrew has experience of representing claimants and defendants in disrepair claims, rent repayment orders, tenancy deposit recovery claims, section 21 evictions and other landlord and tenant disputes.

Housing, Construction and Building Disputes

Andrew has experience acting for claimants and defendants in areas such as building disputes, Japanese knotweed claims, cavity wall cases, leaseholder disputes and disrepair cases related to freeholders and leaseholders. Andrew also has experience of boundary disputes.

Professional Negligence

Andrew has acted for clients in professional negligence actions involving negligent advice given by solicitors in personal injury and clinical negligence claims. He is happy to accept instructions to advise and represent clients in relation to negligence claims against other non-legal professionals.

Contract Law/ Debt Claims

Andrew assists both claimants, individuals and SMEs with contractual disputes such as disputes over products, Consumer Rights Act 2015 cases, and cases related to supply of goods or services. Andrew also advises individuals on debt recovery and the defence of debt or contract claims.

Insurance Claims

Andrew has advised on cases involving indemnity from insurance companies, refusal of indemnity / cover under a policy, and disputes over policy coverage.

Personal Injury and Clinical Negligence

Andrew assists claimants and defendants on a wide range of personal injury and clinical negligence claims including occupier's liability, defective premises, injuries caused to tenants, disease litigation, travel claims, credit hire and employers liability cases.
