Feedback:

"Dear Andrew I am delighted to tell you that we have now exchanged on the sale of our property and had no issue with the conveyancing in respect of the resolved land dispute that you acted on for us. Perhaps it's somewhat prosaic that the agency we have now concurrently purchased our next property from is Martyn Gerrard which is a subsidiary company of Abbeytown Ltd who instigated litigation against us. Without that litigation and your robust defence I am certain that we would not have reached the stage that we are at now and be in the position where we can move on. Therefore rest assured that you have played a large part and you will not be forgotten by us."
