Very experienced in:

- Clinical Negligence
- Personal Injury - Employers Liability, Motorcycle Injuries

Feedback:

"Hi Michael, Thank you so much for all of your help and support. I immediately felt at ease when we met at court. What a relief that not only did you get the CCJ set aside and the debt written off but you managed to get the other side to pay me costs! What an amazing result! I would recommend you in a heartbeat. Again I cannot thank you enough."
