Feedback:

"Good afternoon, Please can the following review be signposted for the efforts of Dr Mehedi Rahim following the Claimants Trial dated 3rd December 2021. Dr Rahim was exceptional at this Hearing given the fact it was always going to be a muddled case given the circumstances. The attendance note provided following the Hearing was excellent, and also conversations with Dr Rahim were always assuring with his advice. Absolute pleasure having Dr Rahim on this case and will most definitely be looking to use his services again in the future. PS - We won! "
