Feedback:

"...I just wanted to pass on my comments about Wendy Turner who did a case for me this morning. Not only did she achieve a really excellent result for my client, but she was professional, attentive, well prepared, organised and was just a complete pleasure to deal with from start to finish. I will definitely be looking to book Wendy again subject to her availability. Please pass on my thanks to Wendy, and a general thank you to everyone at Clerksroom for always looking after me. "
