Feedback:

"I count myself most fortunate, having instructed Dr Peter Fields of counsel to represent a client both on a Magistrates' Court matter and on an extremely complicated Crown Court matter. The outcomes on both criminal litigation matters speak volumes to Dr Fields' excellence – the Magistrates' Court matter was discontinued and my client was acquitted after trial in the Crown Court. I was totally bowled over by Dr Fields' assiduousness and attention to detail, his exceptional memory and his relentless pursuit of justice. Throughout the entire 16 months that it took both matters to conclude, I came to thoroughly rely on Dr Fields' broad knowledge and understanding of the law, his keen

intellect and his sage guidance. Dr Fields' endless patience, his steadfast handling and his bright sense of humour made a cinch of what would otherwise have been a very stressful matter for me. I cannot thank Dr Fields enough for his brilliant advice and assistance and simply cannot wait to instruct him on my next impossible case!"
