Outside the office

Outside of work, Nadeem likes to stay active, playing football, cricket, snooker, cycling, rambling and even parachuting. He enjoys travelling, particularly around the middle east and the Indian subcontinent.

Nadeem completed a memorable humanitarian relief journey from England to Syria during the civil war, helping refugees facing the consequences of war.

Feedback:

"I am grateful to have been allocated Nadeem as my representation. Not only did he go above and beyond to ensure he clearly understood the facts of my case, he also put me at ease and provided me with a sense of security so I could put my trust in him during a very difficult process for me."
