Feedback:

"[Ahmer Sajid] has now done two hearings for me in the past 2-3 months - he has assisted us with a 100% successful outcome on both hearings. On one the case against our client was dismissed and we recovered costs in full; on the other, we succeeded on liability 100%. Mr Sajid seems to not only understand our case but add his experience as Counsel to deliver the best possible outcome. I am very pleased with him and will be recommending him to my colleagues. "
