

Mr Paul Whittle MSc LL.M GDipLaw Dip Adj BSc (Hons) DipSurv MRICS MCIOB MCIArb

IS A QUALIFIED MEDIATOR (**Elite Mediator**)

General Information

Paul is Chartered Quantity Surveyor at Thomas Sands Consulting who specialises in providing construction contract advice and solutions, drafts claims for variations and loss and expense, provides expert witness quantum reports and party representation in adjudication and mediation. Paul is a panel mediator on the RICS President's Panel of Mediators.

Paul Whittle is a chartered quantity surveyor who has spent his entire working life in construction. He began working for a construction business in 1994 working on a range of domestic, commercial and industrial projects. Paul quickly moved into a managerial position supervising small to medium sized sites, organising and controlling labour and plant resources. Paul's work progressed to managing a number of larger projects, managing many new-build homes, civil engineering and industrial projects including mechanical engineering (M&E) installations. Paul's work spanned from the creation of tenders and estimates, the management of live projects, the valuation of interim applications and agreement of final accounts.

Through both his quantity surveying practice, management of construction projects and academic and professional education, Paul has gained expert knowledge of construction, standard forms of contract, contract and construction law together with the negotiation and resolution of construction disputes.

Recent feedback

"Top drawer mediator!"

I have extensive experience in the building industry and have encountered every form of building and construction dispute from time to time, ranging from a few thousand pounds to around £50m.

Had I known of Mr Whittle sooner, finding the right path for resolve and at the right rate would have been achieved then as well as now.

Highly recommended!" - Defendant party.

"Both parties were adamant over their positions and the matter had dragged on for too long without any change. Paul enabled the £80,000 gulf to be resolved in a matter of hours. Both parties have had to give a bit, but the matter is now history and they have both learned something important in business." - Solicitor for defendant.

"Paul Whittle was brilliant, before the mediation, during and after. Both party's came to satisfactory agreement which I believe would not have been possible without Paul's amazing mediation skills." Party - Litigant in person

'Great manner during the mediation, quickly developed rapport and was alert to emotions' - Solicitor for claimant.

'Used professional experience to fully reality test the parties..."' - Solicitor for defendant

"Put my client to ease immediately, great mediator" - Solicitor for defendant

"Paul was extremely professional and was fully cognisant with the type of business he was mediating" - Solicitor for claimant

"Right choice of mediator, especially as other party was litigant in person, Paul was approachable and friendly, and did well to get the party's to settlement." Solicitor for claimant

Other information

Paul is married with two young sons. Paul has an interest in many sports but especially golf for which he is a past county champion.
