Michaela supports Clerksroom and its members in compliance with the obligations imposed on barristers in delivering regulated legal services.

Michaela enjoys finding ways to ensure that compliance has a practical and positive application to legal services for the benefit of the clients receiving the services as well as the barristers delivering the services.

She advocates that compliance leads to competence which leads to clients.

Michaela is a 22 year qualified solicitor and director of Beyond Compliance Limited. She has been delivering regulatory compliance and risk management services to barristers and solicitors for over 12 years.

Whilst now enjoying more sedate and cerebral pursuits, Michaela has been lucky enough to have had many excellent adventures including paragliding in many different countries including New Zealand and South Africa, canyoning, skiing and climbing in France, kayaking in the Tasman Sea, a helicopter ride to a glacier; and of course, the obligatory bungee jump!
